INVITATION

**The new Manufacturing Advisory Service has arrived!
Offering a more comprehensive package of support, advice
and funding there are now more reasons to get involved.**

Our team of manufacturing experts will be touring the North West to meet local manufacturers and introduce the new service. Make sure you come along and find out what government support you are entitled to and how we can help you improve profitability and competitiveness in your business.

Hear from fellow manufacturers about their experiences of improving a business and managing change, and how MAS helped them on their journey.

Don't miss this excellent opportunity to network and do business with other manufacturers in your area.

**Looking to reduce your costs and
increase capacity?**

Science in Sport is a leading manufacturer of nutritional products for athletes. With MAS support the company increased process efficiency, reduced rejects and facilitated the launch of a new product on the same line, which represented a saving of over £60,000 – find out more at the event.

Building a culture for continuous improvement

Hear how **Jaguar Land Rover** in Halewood transformed itself from a facility with uncompetitive quality and productivity and difficult labour relations to a flagship plant with a world-wide reputation for quality and a centre of excellence for lean manufacturing.
